

To Whom It May Concern,

We are engaged in chartering multiple ships for our operations in the maritime offshore Oil & Gas domain. Since 2018, Vancouver-based Canadian firm GFY Marine Group has been our trusted shipbroker.

GFY has consistently exhibited a high level of professionalism and integrity, along with complete financial transparency, which has earned our unwavering trust. Their extensive network and respected standing in the industry have been instrumental to our success.

We are currently negotiating several international Oil & Gas projects, heavily relying on GFY's expertise. We confidently recommend their shipbrokering services for any global endeavor.

Sincerely,

*Yu zhen Rong*
